What is portable long service leave?

The Scheme provides portable long service benefits to workers in Victoria's community services, contract cleaning and security industries. Workers can build up long service leave entitlements based on their time spent in the industry rather than with a single employer.

It is 'portable' because it moves with workers if they change employers but remain in the industry.

Workers can be registered with multiple employers at the same time. If a worker is working for more than one employer in the same period, they accrue benefits with each employer.

How does portable long service leave work?

Register

Employers sign up their workers for the Scheme and their workers will receive a welcome letter via email or mail.

Accrue

Each quarter, employers record their workers' service and wages with us, and pay a levy that is managed in a central fund.

Access

After 7 years of recorded service, their workers can apply for long service benefits that is paid out of the fund.
