Introduction

The Portable Long Service Authority has developed a communication campaign aimed at employers in the community services, contract cleaning and security industries to raise awareness of their legal obligation to be registered with the Authority.

As an important stakeholder, we ask for your support in sharing the information in this kit throughout your networks.

The stakeholder kit includes social media tiles, videos, press ads and brochures. We also have social media tiles translated into 6 community languages.

Our campaign assets can be **downloaded from our website**.

We appreciate your help with this important campaign. If you have any questions, please contact us at communications@plsa.vic.gov.au.

Messaging

If you are an employer in the community services, contract cleaning or the security industry you must ensure you and your workers are registered.

To register your workers and find out more visit plsa.vic.gov.au.

Victoria's Portable Long Service Benefits Scheme

Long service leave that moves with you.

Community Services Contract Cleaning Security

plsa.vic.gov.au

Back

What is portable long service leave?

The Scheme provides portable long service benefits to workers in Victoria's community services, contract cleaning and security industries. Workers can build up long service leave entitlements based on their time spent in the industry rather than with a single employer.

It is 'portable' because it moves with workers if they change employers but remain in the industry.

Workers can be registered with multiple employers at the same time. If a worker is working for more than one employer in the same period, they accrue benefits with each employer.

How does portable long service leave work?

For more information, contact us at enquiries@plsa.vic.gov.au or call us at 1800 517 158.
